Reversible Air Tanks

Automann's air tank reservoirs are responsible for storing air and maintaining pressure in pneumatic systems. These universal air tanks are reversible and feature several different ports to allow fitment in many different system configurations. With ample storage capacity, our tanks ensure a consistent and reliable air supply to pneumatic systems, including brakes, suspension, and auxiliary systems.

Features

- Meets SAE J10 & FMVSS 121 standards for vehicle equipped with air tanks & air braking systems
- Working Pressure of 150 psi
- Made with high strength steel & black phosphate coating for durability & corrosion resistance
- Universal Design allows for standard or inverted mounting & various airline configurations

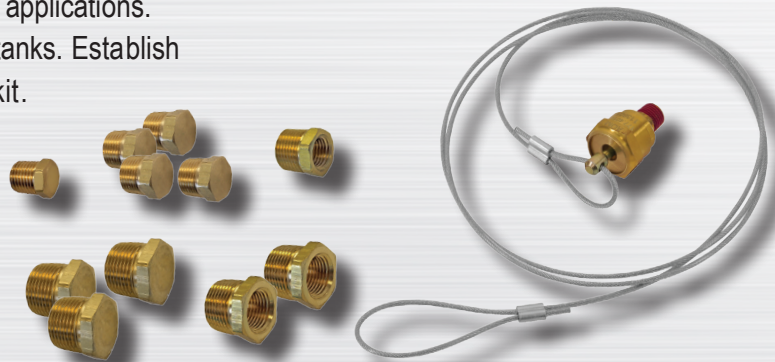

Part Number	Description	Price
172.2000R	Reversible Air Tank 1,425 Cubic in Volume, 8.000" Diameter	99.99
172.2001R	Reversible Air Tank 1,488 Cubic in Volume, 9.500" Diameter	103.99
172.2002R	Reversible Air Tank 2,850 Cubic in Volume, 12.000" Diameter	113.99

Plug & Bushing Kit for Air Tanks (177.2012RK)

This accessory kit contains the popular plugs, bushings, and drain valve to easily configure Automann's reversible air tanks for many different trailer applications. All the parts in this kit are designed to mate with our universal air tanks. Establish the ideal airline configuration with Automann's air tank accessory kit.

Part Number	Description	Price
177.2012RK	Plug & Bushing Kit for Air Tanks	24.99

neapco

THE DRIVELINE EXPERTS

MANUFACTURING DRIVELINE SOLUTIONS[®] IN THE USA SINCE 1921

A USA based company since 1921, New England Auto Products Corporation[™], Neapco, is a world-class OE supplier. Neapco's application-specific engineering and data-controlled manufacturing processes ensure high quality and optimal performance for your vehicle.

World-class testing and engineering provides proven performance

Data-controlled manufacturing ensures consistent quality and reliability in every piece

Industry leading product coverage and inventories

• Markets (Light Vehicle, Commercial Vehicle, Off-Highway, and UTV) • Styles/Series (10 Series, NPL Series, Wing Bearing Series) • Application Needs - Class Series, OE Series, Performance Series

Regional distribution - Beatrice, NE and Greer, SC

Customer focused product enhancements and innovations (ie.)

• NPL Platelock - ease of installation and elimination of cap spin
• Balanced yokes - easier/quicker to balance assemblies - time and money saver

Unmatched service and support

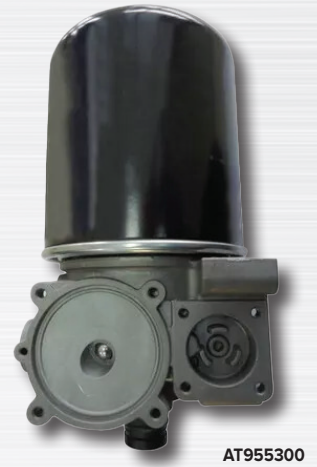

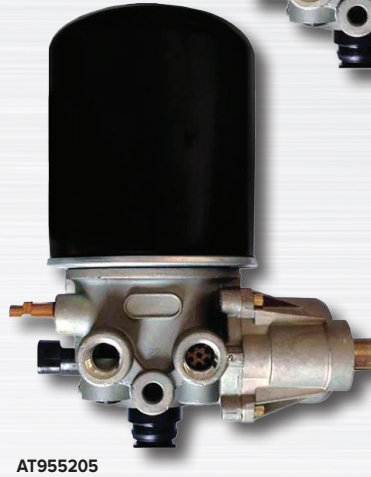

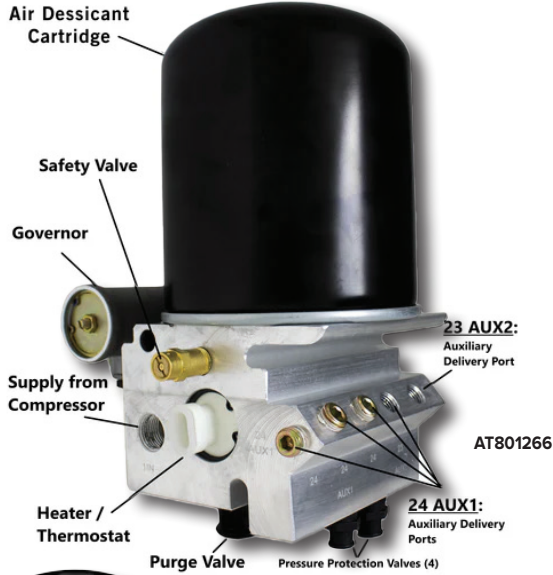

Aftermarket Expertise from a leadership team with more than 300 years of combined aftermarket experience
